VIVIO 120GC

PROFESSIONAL GARMENT STEAMER

The Vivio 120GC is a professional grade garment steamer that is suitable for commercial or home use. The steam works by softening the fibers, allowing the fabric to relax. Wrinkles quickly disappear, leaving a finished and attractive look to your clothes.

Built for the professional, the VIVIO 120GC is equipped with our Super-Flex PVC Cloth Covered Steam hose and the industry's strongest PVC Steam Head with removable Fabric Brush. Perfect for napped fabrics.

There are many choices in fabric steamers, but Vivio's unique combination of quality components, construction quality, and simplicity makes it an obvious choice for both pros and homeowners.
